## **A connoisseur's dream!**

It is easy to be seduced by Capri, the island smells of charm and luxury.

Already upon arrival at Marina Grande, one is captivated by the beautiful coast against a turquoise blue sea, its deep caves and its landscape with the scent of volcanic craters. Here, famous people from all over the world have enjoyed a cappuccino or a glass of cold white wine at "la Piazza" in Capri town, the island's animated terrace.

The island is famous for the delicious lemon liqueur "Limoncello", the Faraona rocks and the scenic blue cave that can only be experienced from the sea by small boats.
